Livestock Zimbabwe Update: 30th April 2021

CC SALES
since 1971

OVERVIEW

The Stockfeed Manufacturers Association held their meeting last week and the supply and distribution of raw materials was debated at length. While it is appreciated that side-marketing of any crops needs to be eliminated, manufacturers support orderly and transparent marketing, especially of maize and soya and are guided by the efforts of government to create a consistent supply for all users of these raw materials.

Zimbabwe Herd Book

Entries have closed for the National Breed Sale to be held in July. Brahman, BeefMaster, Boran, Bonsmara, DroughtMaster, Nguni, Santa Gertrudis, Simbrah, Simmental and Tuli bulls and heifers have been entered onto this prestigious event and the Herd Book will appoint inspectors to travel to each breeder to inspect their animals so that only the highest quality animals are auctioned on the day.
